NEMA 4X DESIGN

The MAVERICK WP remote has been designed to perform in applications where the environment would punish any standard remote. The entire internal cavity of the sign is protected from moisture ingress by an extremely resilient gasket.

EXTERNAL SPECIFICATIONS

The MAVERICK WP remote is designed to withstand the elements and abuse in applications such as schools, corridors, institutions and apartment complexes. The die-cast aluminum body and polycarbonate lens offer protection and superior performance. Tamper resistant screws are standard and ensure the integrity of the battery unit.

ELECTRICAL SPECIFICATIONS

The MAVERICK WP remote series is available with high output LED, MR16 or GU10 lamps.

MECHANICAL SPECIFICATIONS

The MAVERICK WP remote is constructed of powder coated die-cast aluminum mounting plate with an impact resistant polycarbonate protective lens. The MAVERICK WP remote mounting plate is standard in an attractive powder coated silver gray finish. Other colors are available, including custom color matching.
